Ft. Walton Beach, Fla.— The Florida Department of Health invites you to join Okaloosa County Health Department officials, State Surgeon General and Secretary of Health Dr. John Armstrong, and community leaders as we highlight veterans in Okaloosa County and the many physical activity options available in the area that promote healthy lifestyles. Come enjoy a free, light breakfast followed by highlights about what sets Okaloosa apart when it comes to health. The event will wrap up with a wellness walk led by the State Surgeon General.

The Health in All Places Tour is a chance for state, local and community leaders to come together to highlight what each coastal county has to offer when it comes to health. County Health Departments are located in each county that are charged with promoting health and providing necessary health services to their communities. This tour is a chance to highlight those services and how they move health forward in communities across Florida.
